

(Image: "Reflection on the large number of relational resonances between the elements of a small set of movements")

even a dance of
but 17 steps—
each movement
beyond our grasp

a dance of
but 17 steps—
count, and you trip;
don't count, and you fall

on the pool, waves
but 17 steps—
the dance is over
when they break

shape, time, frame, mind
but 17 steps—
each move swings
the dance of the whole

a loop of mirrors of
but 17 steps—
echoes reflecting
echoes
